

Yukari Royale Collection

Elegantly and artistically crafted, the Yukari Royale Collection of fountain pens captures the beauty and essence of Japanese culture. Featuring a larger pen body than the traditional Yukari Collection, the Kingfisher and Fall Flowers designs are hand painted using both Togidashi and Taka-maki-e lacquering techniques. Each design is available with a medium or broad 18 karat gold with rhodium accented nib, assuring long lasting, impeccable writing performance. A traditional oriental wood gift box with bottled ink completes the attractive presentation.
